PART 1 - CAR Search

- Training products previously available in the Reimer Digital Library are now available in the Central Army Registry (CAR).
- The CAR Search now provides a semantically searchable catalog and repository system that is:
 - searchable by product: ID, title, and keywords; and
 - browse-able by product type and proponent.

EXAMPLE: Looking for Information on TOW System

- Access the CAR via www.train.army.mil or AKO – Self Service dropdown- My Training
- Execute search on keyword Tow Missile System

Enter Search term

LOOKING FOR THE RDL?

If you are looking for the Reimer Digital Library (RDL) you're in the right place. Training products previously in the RDL are now available in the CAR. Search by ID, title, and/or keywords, or browse by product type and proponent on the left. If you are a Proponent for training related products/links and would like to share them with the Force, please [send us an email](#) to tell us who you are and what you want to share.

YOU ARE ACCESSING A U.S. GOVERNMENT (USG) INFORMATION SYSTEM (IS) THAT IS PROVIDED FOR USG-AUTHORIZED USE ONLY. By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
